Attachment K – Review of Study Results/Draft Transmission Plans Meeting (Meeting #2)

To all Interested Stakeholders:

Attachment K Meeting #2 (9:30 am to 11:00 am):

Please take notice that Avista Corporation (“Avista”) will hold the second of its Attachment K Local Planning Process meetings on October 2, 2008¹ in the Avista corporate headquarters building at 1411 East Mission Avenue, Spokane, Washington. The meeting will take place from 9:30 am until 11:00 am.

The Review of Study Results/Draft Transmission Plans Meeting is the second of two meetings in Year 1 of the Avista Local Planning Process (as described in Attachment K to Avista’s Open Access Transmission Tariff). This meeting has been established to provide Interested Stakeholders an opportunity to provide comment on the draft Local Planning Report, and to be presented w/ Avista’s planned projects for the planning horizon. Input from Interested Stakeholders will be incorporated into the final Local Planning Process. The Avista Attachment K can be found at:

http://www.oatioasis.com/AVAT/AVATdocs/FERC_Filing_Avista_Attach_K_Clean.PDF

Upon its completion, the draft Local Planning Report will be posted on Avista’s OASIS. This meeting notice will be modified to reflect that posting.

Attendees are requested to please enter the building through the main entrance and register with the security desk. Prior to the start of the meeting, an Avista employee will escort participants past the security checkpoint and to the meeting room.

Attendees are requested to RSVP, with number of participants, by sending an email referencing **Attachment K Meeting #2** to transmission.services@avistacorp.com prior to the meeting.

If you have any questions, please feel free to contact Kenneth Dillon at (509) 495-4436 or kenny.dillon@avistacorp.com.

¹ Attachment K calls for the meeting to be held in the third quarter of 2008. However, to accommodate staff schedules and ensure that the appropriate parties are available, the meeting has been scheduled at the next available date.
