

Effective June 1, 2009, Avista, Bonneville, Idaho Power, NorthWestern and PacifiCorp have agreed to implement new capacity management procedures associated with the use of the Hot Springs POR/POD, the Amps Line, and the Montana-to-Northwest Path. Materials regarding these capacity management procedures have been posted and may be found in the Customer News folder. Avista's historical HSTP POR/POD and BURKE POR/POD have been combined into a single POR/POD named AVAT.NWMT. A new diagram identifying Avista's Posted Paths may be found under the Provider Information folder titled "Avista OASIS Stick Diagram."

Pre-schedule: **June 2** pre-schedule on June 1 will use the new POR/POD's (AVAT.NWMT, BPAT.NWMT). Pre-schedule for June 1 will be this Friday, May 29, and will use the existing POR/POD's.

Real Time: Effective hour beginning 00:00, hour ending 01:00 PDT on June 2, real time TSR's and Tags will use the new Paths and POR/POD's. Real Time for May 30, May 31, and June 1 will use existing POR/POD's.

For additional information, please contact Warren Clark at 509-495-4186, Tracy Townley or Eva Hunt at 509-495-4819.
