

AVISTA 2007 INTEGRATED RESOURCE PLAN Information Provided by Avista-LSE

As part of its 2007 Integrated Resource Plan (IRP), Avista-LSE has submitted a table (*Native Load 2007 IRP Table.xls*) representing its 2007 IRP preferred resource strategy. Avista-Transmission is posting this document on the public area of Avista's OASIS. This posting shall provide a transparent means of establishing Avista's planned use of its Transmission System to served bundled retail native load customers and will be used by Avista-Transmission to establish any restrictions on Long-Term Firm Point-to-Point Transmission Service rollover rights.
