To use this table insert the date (and the hour for hourly notices, identifying the first hour for which an hourly un-designation revision applies) for un-designation where indicated above. Insert additional rows as necessary. Hours are identified along the top row. Specify the resource capacity, in megawatts, to be un-designated for each hour. Cells left blank shall mean an un-designation amount of zero for that hour. The full capacity of each resource shall be re-designated at the conclusion of HE2400.
