

LISTS OF COMPLETED STUDIES

INTERCONNECTION STUDIES:

A list of all available Interconnection Feasibility Studies, Interconnection System Impact Studies, and Interconnection Facilities Studies performed for a specific request (as required by 37.6(b)(2)(iii)) can be found in the **Large GIP Queue** in the **Interconnection Requirements/Generation Interconnection Process** folder on OASIS.

TRANSMISSION STUDIES:

To date, the following transmission System Impact Studies, transmission Facilities Studies, or specific network impact studies have been completed for any customers or for any Avista Network Resource. These studies are publicly available upon request in electronic form. To obtain an electronic copy of a study please send an email referencing the study requested to transmission.services@avistacorp.com. This posting will be updated to list the available studies per 37.6(b)(2)(iii) once they are available.

<u>Transmission Studies (Available)</u>	<u>OASIS TSR#</u>	<u>Date Published</u>
EPLU Transmission System Impact Study	71909358 & 71909360	09/09/2008

To be updated from time to time or when new studies become available. Questions or comments can be directed to transmission.services@avistacorp.com
