\*Prices listed cover actual costs, APS does not profit from the sale of these facility maps.

**Critical Energy Infrastructure Information  
Non-Disclosure Agreement**

The undersigned acknowledges and agrees to abide by the following terms with respect to confidential Critical Energy Infrastructure Information (CEII) to which the undersigned may obtain access from Arizona Public Service Company (APS):

1. APS may designate information as confidential those materials which contain CEII, as defined in 18 C.F.R. § 388.113(c)(1). This regulation defines CEII as information “about proposed or existing critical infrastructure that (i) [r]elates to the production, generation, transportation, transmission, or distribution of energy; (ii) [c]ould be useful to a person planning an attack on critical infrastructure; (iii) [i]s exempt from mandatory disclosure under the Freedom of Information Act, 5 U.S.C. 552; and (iv) [d]oes not simply give the location of the critical infrastructure.”

2. I will use CEII solely in the performance of my work with regard to APS or other electric utilities, and I shall not publicly disclose such information without the express permission of APS. When I have completed this work, I will return all CEII material received, as well as all copies made in accordance with the terms of this Non-Disclosure Agreement (NDA), to APS, if requested.

3. I will share this information with employees, consultants and contractors only after I have taken reasonable measures to protect against public disclosure of the CEII through such employees, consultants and contractors.

4. Any copies made of CEII will be marked as such, in the same manner as the original.

5. I acknowledge that a violation of this NDA could affect my ability to receive such information in the future or give rise to other legal remedies.
