Hi Dan,

Thanks for the updated documents. I have completed review of Consumers Attachment O, and have no further questions at this time. We anticipate Consumers will be included in rates effective October 1, 2015, pending an order on docket #ER15-1877.

Thanks,
Heidi

Heidi,

Thank you for the feedback and I have attached the Attachment O and adjusted workpaper which incorporate your first two bullets along with the two orders which address the third bullet.

Thanks,
Dan

Hi Dan,

Thanks for the documents you provided. Just a couple of minor follow up items:

- Workpaper 1 – the total amount here (\$33,657,556) doesn't agree to the total reported on Pg 2 line 28 (\$33,707,556). Should the amount on the workpaper for prepayments be \$36,994,015 instead of \$36,944,015?
- Pg 4 line 21 – LT interest – should this be \$243,271,136? Per the note, lines 62.c through 67.c should be summed, but I believe line 65 is a negative value. Please review. (this question was intended to be sent with the original questions sent but was inadvertently omitted)

- In the question 1 response you mentioned there were 2 orders attached but I didn't see them. Can you send those so we can put them in our records?

Thanks much!
Heidi

Heidi,

Attached are the files which include responses to your questions, the Attachment O with recommended changes, and a couple of workpapers to support two of the line items.

Thanks,
Dan

Hi Dan,

We've completed an initial review of the documents you submitted and have attached a few questions. Please look these over and get back to us at your earliest convenience.

Thanks,
Heidi

Carmen,

Provided is Consumers Energy's Attachment O spreadsheet, along with the proxy FERC Form #1 pages supporting our Attachment O, and a spreadsheet summarizing the movement of costs from our filed FERC Form #1 to the proxy FERC Form #1.

Could you please share this information with Mike Gard? I believe it would be best to have Mike work directly with Dan Alfred to address any questions on the material provided. Dan can be reached at 517-788-0211.

We are looking to have our Attachment O filed with FERC as soon as possible. You will recall that FERC indicated in its Order in EL15-910 that the effective date of the reclassification of the Group A and Group B Assets, and the date on which Consumers must comply with the Commission's open access regulations will be the first day of the next quarter

after the Commission issues an order to approve the amended Schedule Nos 7, 8, and 9 and Consumers' entry into the Michigan Joint Zone . We are working to sync up the ratemaking aspects (including joining the Michigan Joint Zone) with our October 1, 2015 TO, TP, and TOP NERC registration. So we are looking to get an order from FERC on our Attachment O during Q3 of 2015.

Let me know if you have any questions.

Thanks for your help on this!

Steve
