

Deseret Power's Quarterly  
Local Transmission Planning Public Meeting  
December 30, 2013

1. Introductions

Scott Lynsky, UMPA  
Clay MacArthur, DGTM  
Jim Tucker, DGT

2. NTTG Planning

Implementation of FERC Order 1000 and regional planning. The plan for NTTG area and then rolled-up into regional transmission plans. NTTG is made up of PacifiCorp, PGE, Idaho Power, Deseret Power and UAMPS. Formed in response to FERC's Order 890 requiring regional planning.

Requests for economic studies have to be in by January 31<sup>st</sup>, 2014.

3. Other local issues

There was a discussion of the failed CT at Mona on the Mona Bonanza 345 kV line. Deseret provided PacifiCorp with a spare CT that they are going to install so that both breakers could be placed in service. It was scheduled but was delayed for some reason.

4. Other Business

Next meeting will be in March 2014.
