Re: Entergy Services, Inc.; Docket No. ER05-1065-000
Report of AFC-Related Errors

Dear Secretary Bose:

Pursuant to the Federal Energy Regulatory Commission's ("Commission") April 24, 2006 Order in *Entergy Services, Inc.*, 115 FERC ¶ 61,095 (2006) ("April 24 Order"), Entergy Services, Inc., acting as agent for the Entergy Operating Companies,¹ hereby notifies the Commission it has recently become aware of the following AFC-related error.

In the April 24 Order, the Commission conditionally accepted Entergy's proposal to establish an Independent Coordinator of Transmission ("ICT") for the Entergy System. As the Commission is aware, the Southwest Power Pool, Inc. acts as Entergy's ICT. In the April 24 Order, the Commission imposed an obligation for Entergy to "notify the Commission, the ICT and the Users Group within 15 days if Entergy discovers that it has lost data, or reported inaccurate data, or otherwise believes that it has mismanaged data." See April 24 Order at P 110. Accordingly, Entergy submits the following summary of mismanaged data.

¹ The Entergy Operating Companies include: Entergy Arkansas, Inc., Entergy Gulf States Louisiana, LLC, Entergy Louisiana, LLC, Entergy Mississippi, Inc., Entergy New Orleans, Inc., and Entergy Texas, Inc. The Entergy Operating Companies and Entergy Services, Inc. are referred to collectively herein as "Entergy."

Kimberly D. Bose, Secretary

Net Schedule File

On November 8, 2011, Entergy discovered that the Net Schedule File did not update from 15:45 until corrected at 22:45 on November 8, 2011. The Net Schedule File is only used in the AFC process during the Operating Horizon and should be updated every hour. A database account permissions change occurred on November 8, 2011 which resulted in the error. This error was subsequently corrected on November 8, 2011 at 23:15 to allow the Net Schedule File to resume updating.

The error potentially impacted the non-firm AFC calculations in the Operating Horizon on November 8, 2011 between 16:15 and 23:15. The AFC process continued to use the schedule data last updated at 14:45, thus any changes in schedules during the duration of this error were not reflected in AFC calculations. Due to the number of schedules processed during this time period, it is not technically feasible to determine the exact impact to AFC calculations.

In the event that further information is needed, please do not hesitate to contact the undersigned.

Respectfully submitted,
/s/Gregory D. Pierce
