Network Transmission Customer Attestation and
Request for Short-Term Designation of a Network Resource

Date: March 15, 2012

Customer Name: David Holguin Jr.

Attestation:

Network Customer hereby attests that the above specified purchased power agreement meets the following requirements.

(1) the Network Customer owns the resource, has committed to purchase generation pursuant to an executed contract, or has committed to purchase generation where execution of a contract is contingent upon the availability of transmission service under Part III of the Tariff; and (2) the Network Resources do not include any resources, or any portion thereof, that are committed for sale to non-designated third party load or otherwise cannot be called upon to meet the Network Customer's Network Load on a non-interruptible basis.
