

Transmission Outages

Transmission outage information can be viewed by the following:

- Queried from the “Messages” tab located under the “Notices” link from the main OASIS menu. To view outages impacting GTC and the Integrated Transmission System (ITS), run queries using “SOCO” as the TP.
- By accessing the following link from the SOCO OASIS general information page:

<https://www.oasis.oati.com/SOCO/SOCOdocs/plannedoutage.htm>
