Re: Submittal of Attachments O and Supporting Workpapers to MISO

Dear Ms. Bryant:

The accompanying Attachment O, along with any other supporting workpapers requested by MISO submitted for the Indiana Municipal Power Agency ("Agency") are based on the audited financial statements and underlying financial records for the electric utility for the year ended December 31, 2015. The expenses, assets, liabilities and proprietary capital data provided by the Agency in the EIA Form 412, Attachment O and supporting workpapers are consistent with the Uniform System of Accounts cited in the EIA Form 412 template (which the Agency will continue to use so long as MISO requires the EIA Form 412 template).

Allocations of expenses made in the Agency's financial statements are based on historical cost allocation reviews conducted by the electric utility staff; a full description of these allocation methodologies is attached. These cost allocations have been audited by certified professional accountants and are an accurate representation of the financial condition of the electric utility. Agency will notify MISO in writing, explaining the new allocation methodology, before changing the methodology used to allocate these expenses in future financial statements and in its Attachment O and supporting workpapers submittals to MISO. Agency confirms that the Agency's audited financial statements and workpapers submitted with the Attachment O data will be publicly available for review and inspection.

Agency is not a jurisdictional utility under the Federal Power Act and Federal Energy Regulatory Commission (FERC) regulations. Therefore, it does not file a FERC Form 1 nor keep its books and records in accordance with the Uniform System of Accounts. However, the Agency has completed an EIA Form 412 consistent with historical allocations and record keeping. The Agency confirms that these allocations and categorizations of rate base balances and expense detail are reasonable and consistent with the intent of MISO's Attachment O, EIA Form 412 templates and the Uniform System of Accounts.

Very truly yours,

Chauncey Long
Associate Manager of Finance
