

Idaho Power Transmission Business Practices

Section 7 – Pricing Methodologies for PTP Service

Effective Date: 1400 PPT, July 13, 2007

The rate charged for all “CONFIRMED” TSRs is the rate on file with FERC. As such, the rate may vary throughout the term of service.

The pricing methodology for PTP service is set forth in Schedules 7 and 8 of Idaho Power’s OATT. The current posted tariff rate can be found on Idaho Power’s OASIS site under the Transmission Customer Information Folder.
