

Posting of all rules, standards, and practices

Posted Date: July 17, 2007

Effective Date: July 13, 2007

Revision #: 2

In compliance with FERC Order 890 ¶ 1626-1627 (18 CFR 37.6(e)(3)), Nevada Power Co. (NEVP) and Sierra Pacific Power Co. (SPPC) have posted all current rules, standards, and practices on each companies public OASIS home page. Each rule, standard, and practice is accessible to customers through the public OASIS sites without the use of a certificate, allowing all current and potential customers' access to the terms and conditions of service. Folders containing links to current rules, standards, and practices are provided on both NEVP and SPPC public OASIS home pages. Lists of designated folders are as follows:

- Business Practices
- Order 890 compliance and business practices
- Standards of Conduct (SOC)

In addition, all rules, standards, and practices will be uniformly displayed. This includes:

- Proper company logos
- Date of rule, standard, or practice with revision date (if applicable)
- Proper contact information regarding each rule, standard, or practice

New Business Practices will be posted as soon a developed. If changes are being made to an existing Business Practice there will be a minimum of three business days before the new Business Practice takes effect unless it is in all transmission customers' best interest to expedite the updated business practice. Comments to the Business Practices will be taken into consideration during the three business days and can be made to the contacts listed in the posted documents via e-mail. All changes to the home page (new items or updates) trigger an e-mail notice that a change has been made on the Transmission Providers OASIS home page and are posted on both the public home page and the secured OASIS home page.
