## **INFORMATIONAL NOTE**

Posted 10/25/2013 10:36 AM EDT

OVEC has been advised by SPP, who performs OVEC's ATC Calculations and posts the results that they are having network issues resulting in sporadic postings.

Anyone experiencing difficulty in making reservations or conducting other transmission-related business on the OVEC system is requested to contact the OVEC System Operations Center at 740-289-7210.

Updates will be posted as the situation changes.

Thank you for your patience.

## **UPDATE**

11:40 PM 10/25/2013

SPP advises that network issues have been resolved and ATC calculations and postings have resumed in a normal manner.
