

# **SERTP STAKEHOLDERS MEETING** **ANNOUNCEMENT**

OVEC Transmission Planning Stakeholders:

An interim stakeholder meeting will be held on October 17th, 2012 in Atlanta, Georgia to continue the dialogue on the proposed compliance with the regional requirements in FERC's Order 1000. In response to the joint request made by Southern, LGE & KU, and OVEC on August 17th, FERC granted an extension of time to provide each entity until February 8th, 2013 to file their compliance materials to Order No. 1000's regional requirements. More detailed information regarding meeting logistics and agenda will be posted soon. Please [contact us](#) to RSVP by Friday, September 28, 2012 with whether you plan to attend the interim meeting in person or via web conference.

Please let me know if you have any questions.
