[Standard of Conduct Summary for PGE](#)

Once on the Standard of Conduct Summary for PGE page querying for Information Disclosure postings may be performed by altering the search criteria for the desired results.

For example, if it is desired to view all active Information Disclosure postings for the present month perform the following:

- Enter the Posting Name "INFO DISCLOSURE"
- Set Time to "Active"
- Select the time increment, "This Month"
- Select "Enter".

Unless an entry is found there are no Information Disclosure postings for the search criteria entered.

If an individual Information Disclosure posting requires more space than allocated for the description in the posting area a supplemental posting will be placed on the transmission provider's OASIS homepage. This supplemental posting will be placed in an **Information Disclosure Supplements** folder placed inside the **Standard of Conduct** folder.
