

Supplemental Posting: Information Disclosure

Effective: November 26, 2008

Purpose

The purpose of this document is to provide a location for supplemental information that may be needed to assist in satisfying the posting requirement of 18 CFR 358.7(a)(1), pertaining to the posting of information disclosures. PGE uses the Notices section of OASIS to post Information Disclosures. The description portion of the notices function is limited by **NAESB OASIS Standards and Communications Protocol (S&CP), WEQ-002**. If more information is needed to supplement an active Information Disclosure posting that information will be posted below.

Statement

To date, there are no current supplements to any Information Disclosure. The existence of an active Information Disclosure posting may be determined by accessing the **Std of Conduct** link in the **OASIS Notices** folder on homepage on this OASIS. See **Posting Requirement: Information Disclosures** document in the **Standard of Conduct** folder.
