

**Notice Concerning Change to Queue Cluster Window for
Large Generator Interconnection Requests**

***Posted:* March 2, 2009**

In accordance with the provisions set forth in Section 4.2 of PGE's Open Access Transmission Tariff Standard Large Generator Interconnection Procedures (LGIP), PGE has elected to change its annual, 180-day Queue Cluster Window that extends from September 4 through March 3. Effective March 4, 2009, PGE is eliminating the cluster window that has been utilized for the purpose of conducting Interconnection System Impact Studies.

Please direct any questions concerning this notice or the requirements of Section 4.2 of PGE's OATT to Philip Augustin at (503) 464-7783 or Jeff Newby at (503) 464-7400.

(Note: This information shall remain posted through March 3, 2010 in accordance with Section 4.2 of PGE's Open Access Transmission Tariff .)
