

**Notice Concerning Consolidation of Folders Located  
Under Generator Interconnection Documents**

***Posted:* March 2, 2009**

---

For the convenience of customers and to simplify information that is provided in connection with the Generator Interconnection Request Queue, PGE has consolidated the Generator Interconnection Request and Cluster Request folders. In addition, PGE has added a header to the Generator Interconnection Request Queue providing the regulatory reference for generator interconnection request posting requirements.

Please direct any questions concerning this notice to Philip Augustin at (503) 464-7783 or Jeff Newby at (503) 464-7400.
