

## **PGE Transmission & Reliability Services**

Customer Questions and Answers

---

Date Submitted: **December 1, 2008**

Date Answered: **January 9, 2009**

Customer: **PGE Merchant**

Subject: **Process and Procedures under Attachment K**

### **Question:**

A Transmission Customer expressed concern about having sufficient opportunity to review and comment on PGE's Near Term Local Transmission Plan. The Transmission Customer requested further information regarding the process and/or procedures set-up under Attachment K.

### **Answer:**

PGE Transmission is obligated and will continue to follow the process and procedures prescribed in Attachment K of PGE's OATT and its related business practice. The Attachment K provides transmission customers the process for Local, Sub-regional and Regional Transmission Planning.

Questions relating to Local Transmission Planning process should be directed to Darren Murtaugh (503) 464-7848, and questions relating to Sub-regional and Regional Transmission Planning process should be directed to Jeff Newby (503) 464-7400. Darren and Jeff's phone numbers are also posted on PGE Transmission's OASIS under "Contacts" folder.
