

Public Service Company of New Mexico (PNM)
Facilities Shared by Transmission Provider
And its Marketing and Energy Affiliates:

Alvarado Square
Albuquerque, New Mexico 87158
Corporate Headquarters

PNM also has an emergency back-up control center that can be used by either the Wholesale Marketing and Sales Function or the Transmission Operations and Reliability Function, for which PNM is not disclosing the address because it is a critical energy infrastructure facility.

4100 International Plaza
Fort Worth, TX 76109
Office Building

The following information is added in response to a recommendation by FERC Staff following an audit of PNM's compliance to FERC's Standards of Conduct requirements:

2401 Aztec Road NE
Albuquerque, NM 87107
Office Building

Note: At the time of the audit, PNM's Modeling and Forecasting employees (shared services employees with access to transmission function information) were located at the Aztec facility, which houses PNM's wholesale marketing function. Subsequently, this group relocated to Alvarado Square. However, a limited group of shared services employees continue to be housed at the Aztec facility.
