

STANDARDS OF CONDUCT
FOR
WESTERN AREA POWER ADMINISTRATION
(12/18/08)

Due to the impending implementation of the recent changes to the Standards of Conduct as outlined in FERC Order 717, Western Area Power Administration (Western) is working to develop a formal Standards of Conduct policy and procedure document. Once this document is finalized, it will be available on each of Western's Regional OASIS websites. For further information, please contact Brandy Dunn at 720-962-7431.
