JUN 13 2008

Dear Western Area Power Administration Customer:

Western appreciates you dedicating time to review and provide valuable input on our Operations Consolidation proposals. Customer comments received in April and our responses are posted at <http://www.wapa.gov/about/StrategicPlanning/opscon.html>.

Through careful consideration of comments and extensive research and analysis by Western's staff, we have chosen Option C (consolidated operations with the Rocky Mountain and Desert Southwest regions serving as alternative control centers for each other.) Western believes that by moving forward with Option C, we will maximize our resources and staff to better serve you.

We are committed to working with you on this initiative and will continue to provide opportunities for you to stay informed and have input during the implementation of this decision. Thank you for your continued support and participation in the process.

Sincerely,

A handwritten signature in black ink, appearing to read "T. Boyko", written over a horizontal line.

Thomas R. Boyko
Regional Manager
