

**Westar TFR
Industry Association Dues
Actual Gross Rev, Pg 2, Line 6, Col 3 & 4**

TFR Changes Not Referenced in Template

Per Note F of the 'Actual Gross Rev' Schedule, Industry Association Dues are capped at \$1,000,000 for total company. The following adjustments were made:

1. 'Actual Gross Rev' Schedule, Pg 2, Line 6, Col 3 – Westar's Industry Association Dues were \$1,271,101 as reflected in the FERC Form 1 (FF1), Pg 335, Line 1. To ensure this amount did not exceed \$1M in the formula calculation, \$771,101 was input on line 6, column 3 of the TFR. This addition ensures that industry association dues are capped at \$500,000 by reducing A&G.
2. 'Actual Gross Rev' Schedule, Pg 2, Line 6, Col 4 – KGE's Industry Association Dues were \$1,208,805 as reflected in the FF1, Pg 335, Line 1. To ensure this amount did not exceed \$1M in the formula calculation, \$708,805 was added to \$454,087 for Nuclear Power Research Expenses (EPRI) resulting in a total of \$1,162,892 input on line 6, column 4 of the TFR. This addition ensures that industry association dues are capped at \$500,000 by reducing A&G.
